125 Amherst Drive, - - Toledo, Ohio

Wholesale Gladiolus Price List

January 1st 1931

**SHIPPING TIME.** We send bulbs out all through Winter months but do not start them during zero weather. When temperature runs around 20 above, we are safe to mail. Bulbs can not be insured against freezing by mail. Express companies insure against freezing without extra charge. We do not lose over two packages per year by mail from freezing the way we pack.

**GUARANTEE.** If any of our bulbs are not satisfactory when received, return them and we will refund your money with charges both ways.

**MINIMUM** orders are one dollar. 25 per cent will hold your order until April first, 1931, when they will be sent C. O. D. No orders are sent C. O. D. unless 25 per cent has been paid. This applies to TELEGRAMS as well. The 25 per cent can be telegraphed.

**PREPAID.** All orders amounting to \$2.00 or more will be sent out Prepaid. Less than \$2.00 will be sent postage collect. Less than \$1.00 orders can not be filled.

**SIZES.** "L" at top of a column of prices means LARGE and this in turn means bulbs 1 1/4 inches in diameter up. "M", MEDIUM, 3/4 inch to 1 1/4 inch. "S", SMALL, all bulbs under 3/4 inch.

**PRICES.** The minimum amount that we can afford to sell any item in this list is TEN CENTS. Make your items figure 10c or more. For example, Adriatic is listed in Large at 1c each. Order 3 bulbs at 4c each which makes 12c in one sack. Medium is listed at 2c each. Order 5 bulbs at 2c which makes 10c in one sack. Small are listed at 1c each. Order 10 bulbs which makes 10c in one sack. On next page A. B. Kunderd is listed in Large at 8c each. Order 2 bulbs making 16c in one sack. If for any reason you want only 1 bulb we will sell it to you for 10c where it is listed less than 10c.

\*\*\*\*\* When the \* appears before the price it indicates that we have this size in quantities and will allow you 25% discount in lots of 25 to 100. Do not take this discount on items not marked with \* as it delays your order while we write you and await your reply.

**BULBLETS** are only sold in quantities as listed as these are counted and put in sacks before the Selling season starts.

**DISEASES.** Bulbs were all treated chemically before planting and have been planted on virgin sandy soil each year for the past seven years.
